Digital & Analog

Brand New 2008

Third brand new mold launched by NINCO in 2008. The **Lexus SC 430** is a GT competing in Japan's super GT Series and should prove to be a great competitor against other similar models already produced by NINCO: Toyota Supra, NSX, Nissan 350Z or Mosler MT900R. Comes with angle winder NC-5 motor, 17" hubs and low profile front tires. **Choice of Analog or N-Digital (with chip installed).**

REF. 50490 LEXUS SC 430 "ZENT"

NEWS April 2008

New for 2008

NINCO is the “standard” for the WRC rally category, and with this great new launch completes the fabulous WRC starting grid. Sebastian Loeb’s WRC champion’s replica arrives: the **Citroën C4 WRC**. Includes 4WD mechanics, in-line NC-5 motor and ProShock-2 suspension (soft at the front, hard at the rear). An important addition to any rally slot car collection.

REF. 50494 CITROËN C4 WRC “SWEDISH RALLY 07”

PRICE: \$72.98

REF. 80867 CHASSIS CITROËN C4 - PRICE: \$9.98

A new livery of one of the most serious candidates to run in the World Rally Championship. The **Ford Focus WRC** has 4WD mechanics, in line NC-5 motor and ProShock-2 suspension. This Focus and the Citroen C4 (above) are included in the new Ultimate Rally (Ref. 20139) set.
