

MRC Prodigy DCC/Tech 6 Extension Box Installation Options

Installation

Mount the extension box at the edge of your layout. To avoid damaging the box, please **DO NOT OVER-TIGHTEN** the screw. Use the included cable to connect the extension box to your Prodigy DCC or Tech 6 system. Plug your handheld into the extension box. You are ready to run your system from the extension box.

Service

If it should ever become necessary to return the Extension Box, please include a clearly printed letter with your name, address and daytime telephone number, along with a detailed description of the problem you are experiencing.

Send the unit to:
